Michigan allows the use and sale of consumer-grade fireworks (like Roman candles and bottle rockets) statewide. However, state law authorizes local municipalities to restrict the specific days and times of discharge, and strictly prohibits their use on public property or while under the influence of alcohol or drugs. South Lyon Fire Department +3

Authorized Dates and Times

State law dictates that local governments cannot entirely ban the discharge of consumer fireworks during specific major holiday windows. During these periods, municipalities must allow fireworks at least until 11:45 p.m.: Michigan Legislature (.gov) +2

- **New Year's Eve/Day:** December 31 from 11:00 a.m. until 1:00 a.m. on January 1.
- **Memorial Day:** The Saturday and Sunday immediately preceding the holiday.
- **Independence Day:** June 29 through July 4. *(If July 5 is a Friday or Saturday, discharge is also permitted through 11:45 p.m.)*
- **Labor Day:** The Saturday and Sunday immediately preceding the holiday. Michigan Legislature (.gov)

Legal Use Requirements

- **Age:** You must be 18 years or older to legally purchase, possess, or ignite consumer fireworks.
- **Location:** Fireworks can only be set off on your own private property. Igniting them on public streets, sidewalks, parks, school grounds, or someone else's property without explicit permission is illegal.
- **Prohibitions:** Using consumer fireworks while smoking or while under the influence of alcohol or drugs is strictly prohibited. WZZM13.com +2
